

2004 to 2016

## THE OBJECT OF ROTARY

The object of Rotary is to encourage and foster the ideal of service as the basis for worthy enterprise and in particular to encourage and foster:

**First:** The development of acquaintance as an opportunity for service.

**Second:** High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying by each Rotarian of their occupation as an opportunity to serve society.

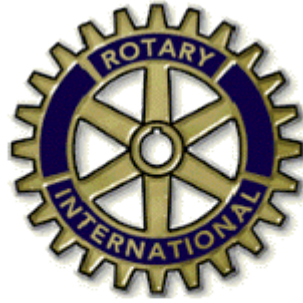

**Third:** The application of the ideal of service by every Rotarian to their personal, business and community life.

**Fourth:** The advancement of international understanding, good will, and peace throughout a world fellowship of business and professional people united in the ideal of service.

## THE FOUR WAY TEST

Of the things WE think, say or do

1. Is it the TRUTH ?
2. Is it FAIR to all concerned ?
3. Will it build GOODWILL and BETTER FRIENDSHIPS ?
4. Will it be BENEFICIAL to all concerned ?

**"Service Above Self"**

# Forward

This publication updates two previous publications:

*30 Years of Service and Fellowship, 1961 – 1992.* Edited by John Thorne

*History of the Rotary Club of North Hobart 1992/3 – 2003/4.*

Edited by Ian Barton and David Clinch.

It seeks to present significant activity over the period 2004 to 2016.

The period has seen a revitalisation of the club with several new members now making important contributions.

The support of Derek and Hellen Chambers has been particularly significant in making their home, Lyndhurst, available for several very successful events.

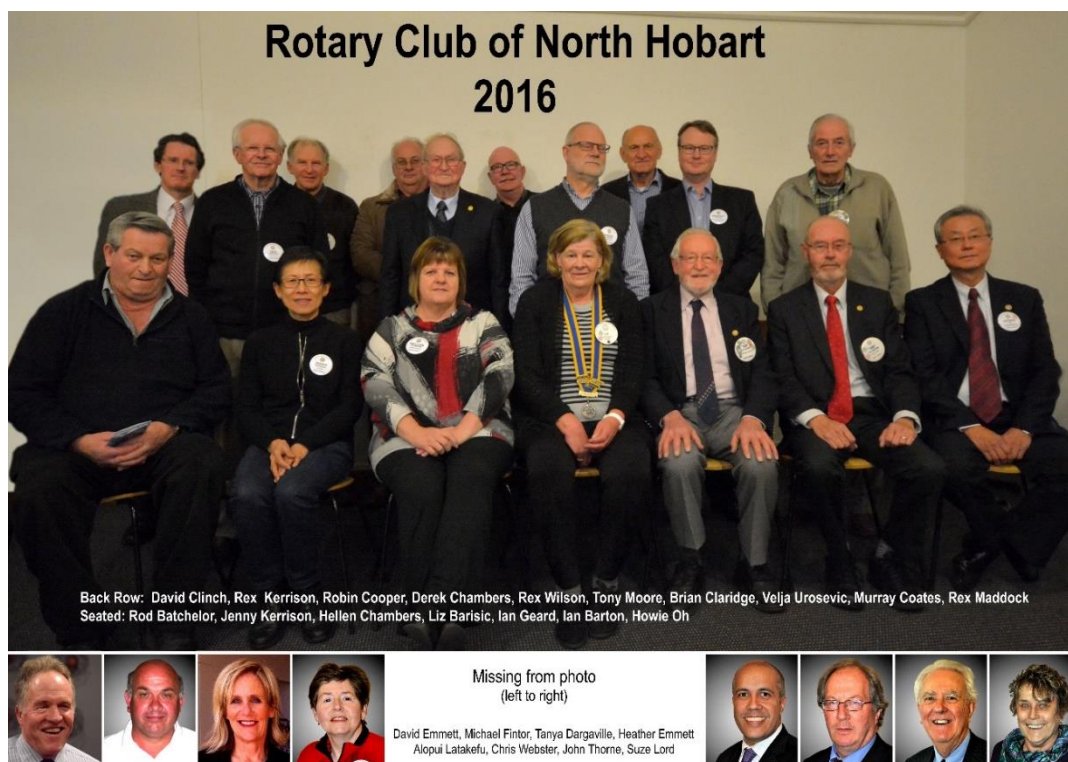

The deaths of 6 long serving stalwarts: Terry Proctor, Frank Clinch, John Cogan, Doug Williams, George Brothers and Murray Yaxley were all sad occasions and their absence continues to be greatly missed.

The resignations of Rex Wilson, Rod Batchelor and Wally Mainsbridge was also keenly felt. All had a long associations with club. It is pleasing to note that Rex and Rod now continue with the club as honorary members.

Thorne, John *	1979 to present
Urosevic, Velja *	1980 to present
Webster, Chris *	1980 to present
Williams, Doug *	1961 to 2013 Deceased
Wilson, Andy *	1976 to 2005
Wilson, Murray	1977 to 2006
Wilson, Rex *	1971 to 2014 Honorary to present

Wood, Geoffrey	2001 to present
Yaxley, Murray *	1966 to 2012      Deceased

Paul Harris Fellow \*

(48 active members over the period)

# Fundraising

## Lyndhurst

Derek and Hellen Chambers made their home available for several very successful 'Antiques Nights'. Centred around an auction and with a panel of experts to value items the events attracted huge interest and raised much needed funds for the club. Complemented by a bar service and with lots of tasty food prepared by member's partners the events also satisfied a most enjoyable social function.

Lyndhurst was also opened to the public raising significant funds for PolioPlus and used for a Rotary Hat Day function with Salamanca Club.

## Fines

Fine sessions at meeting have always generated small but regular income and have added much humour to our meetings.

## Barbeques

BBQs held mainly at K & D at Cambridge and Bunnings in Glenorchy yielded much needed funds. BBQs were also held at Harvey Norman in the city and at Anaconda at Cambridge

Ever ready stalwarts in the organisation and set up were Michael Fintor and Robin Cooper.

*Ian Barton, Chris Webster,  
Robin Cooper at K & D*

## Gate keeping

Gate keeping duties for the Chinese New Year and Greek Festival events also helped raise valuable funds.

*Velja Urosevic and Liz Barisic at  
Greek Festival*

## Money spinner

A 'money spinner' located at Hobart Airport and managed by Rod Batchelor for many years provided regular funds for the club.

## **Wine sales**

An initiative from Velja Urosevic - always greatly appreciated.

## **Sunday Market (November 2015 to October 2016)**

Initiated by Rex Maddock and managed by a market committee headed by Derek Chambers, the market located in the Turnbull carpark started with much enthusiasm.

Considerable efforts to publicise, purchase of furniture and equipment and signage set the venture up for a promising start.

Throughout November, December and the summer months the market grew supported by vendors, hot food and occasional live music entertainment and became an established Sunday presence in North Hobart.

Unfortunately the winter months were plagued with wet weather and the market became unviable. A number of members also felt the market was also unreasonably demanding of member's time.

A special meeting in October voted that the market be permanently closed.

## Service

A summary of service activity is provided below. Further details of each item are available from the relevant Annual Report on the club website.

Of particular note is the support to the *Ayui Foundation*, *Food plant Solutions*, *Kumudini Hospital*, *NYSF*, *MUNA*, *RYPEN*, *Salvation Army* and *Caroline House*.

### International Service 2004 - 2016

<b>Fistula Hospital</b> , Addis Ababa, Ethiopia (2004/5, 15/16)
<b>Interplast</b> Australia (2004/5,13/14)
<b>Shelter box</b> (2005/6, 9/10, 10/11, 13/14, 14/15)
<b>Rotarians Against Malaria</b> (RAM) – Timor Leste (2005/6)
<b>Ban Mae Toen Village</b> , Thailand (2006/7, 7/8)
<b>Akha Hill Tribe</b> , Northern Thailand (2006/7)

<b>Greek Festival</b> (2012/13, 15/16)
<b>Post Natal Depression Awareness</b> (2013/14)
<b>Youth Tools program</b> (2013/14)
<b>Sacred Heart school Timor Leste project</b> (2013/14)
<b>Second Bite</b> (2013/14, 14/15, 15/16)
<b>Bears of Hope</b> (2015/16)
<b>National Rotary Bowel Scan program</b> (2015/16)
<b>Hobart Women's Shelter</b> (2015/16)
<b>Rural Alive and Well</b> (2015/16)

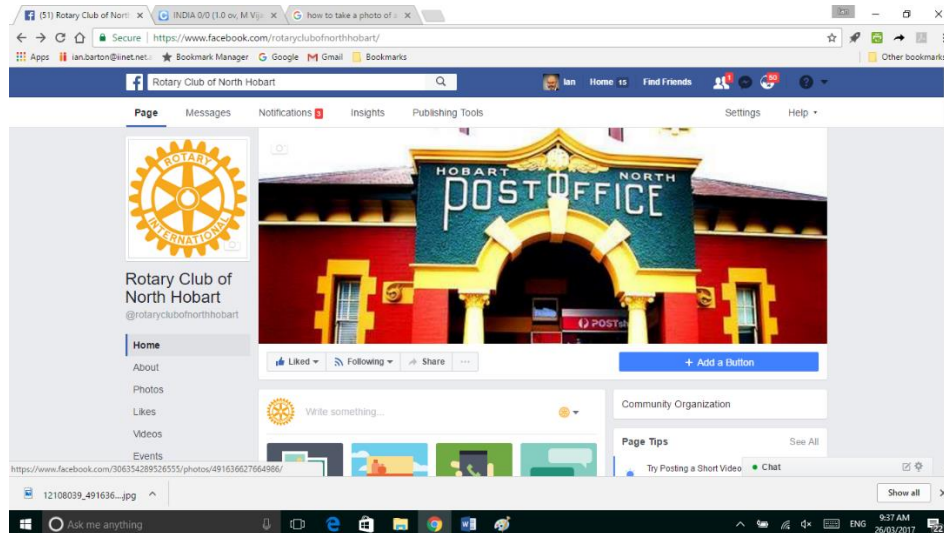

**Average spend – approximately \$10,000 per year.**

# Website and Facebook

## Facebook

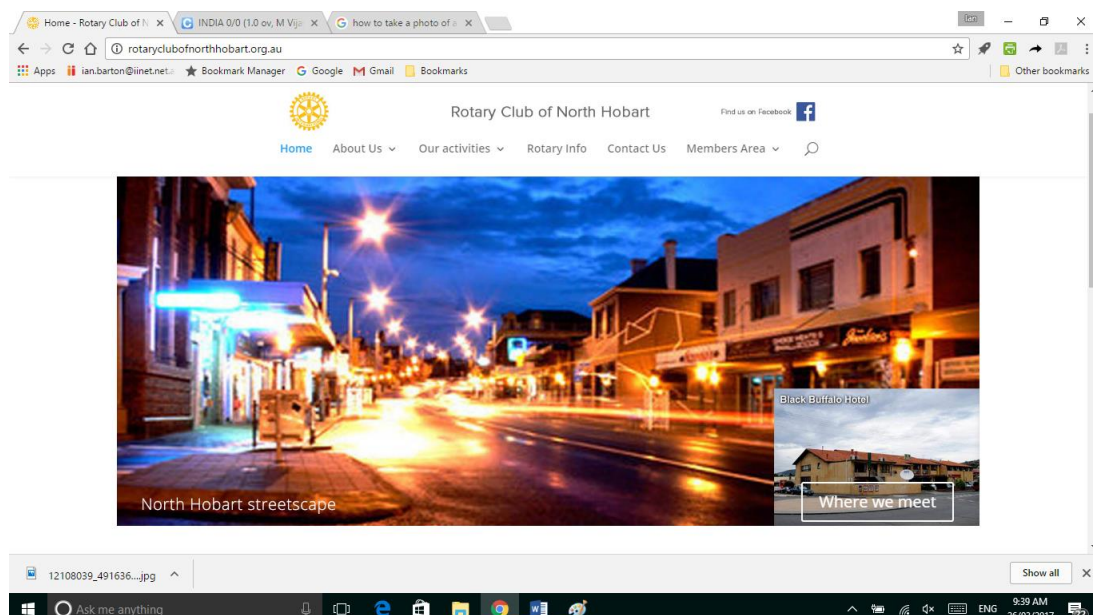

An initiative of Jenny Kerrison saw the establishment of a club Facebook page in 2015. Maintained by Jenny this has proved an important means of publicising club activities.

## Website

The club maintained a website throughout this period and in 2016 Ian Barton redeveloped the site to bring it into line with new design developments,

Its objectives were to better promote the club and to provide a mechanism to maintain club documentation and make it easily accessible to all members.

# Bits and Pieces

## Meetings

The club has met on a Tuesday at 6.15 pm at the Black Buffalo Hotel, Federal Street, North Hobart, throughout 2004 – 2016.

## Annual reports

Annual reports and committee reports are available from the club website and provide a vital record of club activity.

The award for the most professional report goes to *Ruth Brown* and for the most amusing to *Michael Fintor*

## Bulletins

The bulletin is produced for each meeting. The role of bulletin editor can be a demanding job and all editors are congratulated for their diligence. The award for the most entertaining bulletin goes to *Rod McMahon*.

## **Speakers**

This role is a vital and demanding job. Speakers at our meetings provide a useful insight into a variety of activities and provide the club with valuable perspective. All programme directors are to be congratulated on the quality of speakers they have attracted. Of late new member *Brian Claridge* has starred.

## **Fine sessions**

These sessions conducted by the club Sergeant have always been a popular feature of weekly meetings and rely on the current sergeant to 'dig the dirt'.

The introduction of 'honour' fines and the increase in the fine amount to 50c have added spice to the sessions.

All sergeants have done great jobs but it would inappropriate not to mention *Rex Maddock's* contribution here.

## **Socials**

Much appreciated and enjoyable Christmas functions were held at the homes of *Chris Webster* and *David Clinch*

## **Visits**

Club visits were organised at the Hobart Town Hall, Parliament House, the Menzies Centre, 2Metre Tall Brewery, Hobart Legacy and Magistrates Court.

## **Meetings with other clubs**

Conjoined meetings have occurred with the Rotary clubs of Bellerive, Hobart Central, Huon Valley, Salamanca, D'Entrecasteaux Channel and Claremont.

## **Spending Analysis 2001 to 2011**

Carried out by *Ian Barton* this provided both an overview of the distribution of spending and the organisations supported.

Over the 10 years surveyed a total of nearly \$100,000 dollars was donated or \$10,000 per year, which has continued as goal in subsequent years.

Full details are lodged on a spread sheet in the ‘member’s area’ on our website.

## **Constitution and Bylaws**

The club constitution and bylaws were updated in 2015 by *Ian Barton* with District support bringing them into line with RI guidelines.

## **Equipment and Storage**

As an outcome of the Sunday Market venture, the club is now in possession of a large array of equipment of various kinds and is fortunate to have a large storage room at Turnbull’s Funerals in Letitia Street.

## **Pride of Workmanship Awards**

Awards were made to Jean Muller of the Balmoral Motor Inn.

## **Friends of Rotary**

Procedures to admit supporters and contributors to the status of ‘Friends of Rotary’ within the club were established.

## **Second Bite**

Coordinated by Robin Cooper, a small group of rostered members collected bread and confectionary from Daci & Daci and delivered to Second Bite for redistribution for people in need.

## **District representatives**

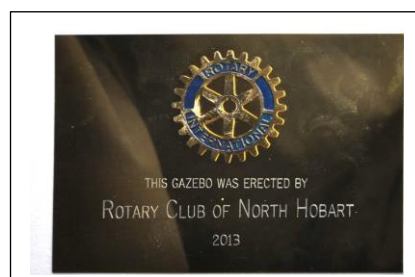

John Thorne	Food plant solutions
Hellen Chambers	PolioPlus
Tony Moore	RYPEN

## Caroline House

Caroline House is a charity in Carr Street North Hobart providing accommodation for women and children experiencing domestic violence, homelessness, drug and alcohol abuse and mental health issues.

The club has been keen to provide support in recent years. Commencing with member working bees the club constructed a gazebo at the rear of the property.

Subsequent work to install veggie beds, the provision of furnishing and equipment and financial donations followed.

## **RAWCS Bangladesh project from 2012 to current**

By Dr. Jenny Kerrison

In 2012, guided by PRID Dr. John Thorne, our Club established the project "Medical & Family Support, Kumudini Hospital, Mirzapur, Dhaka, Bangladesh" (project number: 17 2012 - 13) with the Rotary Australia World Community Services (RAWCS). Ideas for this project came about following Dr. Kerrison's visit to the hospital in 2010 when she was invited to advise on nurse education at the Kumudini Hospital Nursing Institute.

The Kumudini hospital is a beautiful building set within an enclosed hospital grounds. It was built in 1944 by the founder Rai Bahadur Ranada Prasad Shaha (R P Shaha). The hospital was named after R P Shaha's mother who died in childbirth. R P Shaha was a successful business and a philanthropist. His mission was to provide health care to the poor, reduce gender inequality, empower women and educate the masses. Today, the Kumudini Hospital has 750 beds and is managed by the the Kumudini Welfare Trust. It is one of the largest private charity hospital in Bangladesh and continues to embrace the founder's mission. The hospital is located in rural Mirzapur, district Tangail, and provides subsidised services in acute medical, surgical and obstetric care to local and communities afar.

The Kumudini Hospital at sunrise.

Between 2011 and 2014, Dr. Kerrison visited and volunteered at the Kumudini Hospital each year. Two major foci for the visits were: improvement of nursing patient care and better facilities for nurse students (majority were females) at the hospital. On each trip, she took a small group of volunteers to the hospital.

Some of the achievements of these visits were: establishment of the triage system in and the physical set up of a 2-bed emergency department; increased awareness and improved infection prevention; improved documentation for postnatal care for mothers and babies; increased in and out-patient services in family planning; and improved resources for nursing education (increased number of text books, computers, and classrooms).

Another key feature of our Club's support for the project was that Dr. Kerrison initiated and supported the Kumudini Hospital management in their application for the Direct Aid Program (DAP) grant provided by the Australian High Commissioner, Dhaka, Bangladesh. Between 2011 and 2015, we were successful in obtaining three (3) DAP grant applications with a total value of \$90,000. The funding contributed to further small projects at the hospital for example, funds were used to build a nursing clinical laboratory; renovate an operating theatre; and build an out-patient clinic for family planning services.

In later years, the 'Beds for Bangladesh' project became a major focus for the Club. This project was a sub-set of the Bangladesh RAWCS project. Containers of decommissioned beds were shipped to the Kumudini Hospital in 2013, 2015 and 2016. In 2016, the Club sent two shipping containers. Examples of items sent in the two containers in 2016 were: 147 decommissioned beds; bedside lockers; overbed tables; medical items (e.g. crutches, 'moon' boots, medical instruments); and nursing books. Estimated costs of items was over AUD5,000. Total costs for two 40-foot containers and shipment were: AUD10,390. Overall, the 'Beds for Bangladesh' project had shipped 250 beds. Other items shipped included: a new full-size nursing care manikin; decommissioned drug trolley; and wheelchairs.

Funding for this RAWCS project was from the St Canice Village Residents' Committee, personal fund-raising efforts by Rotarians Rex and Jenny Kerrison, Southern Region RAWCS; District Grant; and the Rotary Club of North Hobart. The 'Beds for Bangladesh' project was funded with donations from our Club as well as partner Clubs of Sorell, Claremont, and Bellerive. The Rotary Club of Claremont deserves a special mention for their commitment towards the beds project in 2015 and 2016. We were grateful for their financial contributions; storage of the beds; and the physical hard-work by their Club members in packing the shipping containers.

Through this RAWCS project, our Club has initiated change for the nurses with greater respect for nurses and nursing education. The Kumudini Hospital recently spent their own funds on renovations and extensions to the Nursing Institute. This is an important measure of this RAWCS' project influence.

Undoubtedly, the success enjoyed by this RAWCS project would not have been possible without the foresight and support from our Club members, PDG John

Thorne; PP Derek Chambers; PP Hellen Chambers; PP Chris Webster; and many others.

This project remains registered with RAWCS. There will be minimal donations for the project. However, Dr. Kerrison will continue to visit with volunteers, if it is safe to do so.

The Team consisted of members from R.C. North Hobart and Claremont, RC

## **John G. Thorne – Supporting Rotary globally**

In 1996 John was invited to be the “Lead Trainer” of the world’s Rotary Foundation Coordinators at a major training session in Evanston, Chicago. This necessitated several visits to Chicago. Also in 1996 John represented D. 9830 at the International Council on Legislation in New Delhi. Since that time to the present John has served on the “Cadre of Technical Advisors” for The Rotary Foundation. This entails visits to those districts in those countries who have applied for major grants (mostly over US \$250,000) in order to firstly assist in the final application, then later to support the audit of the program - not the financial part - that is left to Rotarian accountants - but to the actual program to see if the applied solutions were a sensible match to the problem and indeed made life better for the recipients. John has assisted with literacy, computers in schools and also the re-building of a school complex after a typhoon. He has had a focus on India and the Philippines.

From the early 1990’s until the present time John and Shirley have been invited to represent the current President of Rotary International and his wife or partner at District Conferences. This exercise can be hard work. Shirley is required to perform certain duties as well as John. Together they have visited, on these duties, many Rotary Districts around Australia as well as: Japan, Taiwan, China, Thailand, Swaziland, India, the USA and South Korea.

In 2001 John was elected to be the Director for the countries of Australia, Papua New Guinea, the Philippines, New Zealand, Fiji and several other South Pacific countries - he served from 2001-04. While on the Board John was elected to the Executive Committee and also appointed Chair of the Finance Committee. This work was also hard and constant. While on the Board John was a driver of several initiatives and those included: recognition of Timor Leste as a Rotary country, a forward-looking set of policies around Youth Exchange, the purchase of a modern store in Evanston for Rotary, a sensible increase in member dues at the 2004 Council on Legislation and telephone committee meetings across the world.

In 2004/05 the Rotary Club of Devonport North needed to expand a program they had initiated that attacked aspects of hunger and malnutrition. John was appointed Foundation President of a new global “Rotarian Action Group” named - Food Plant Solutions. The goal is to focus on indigenous foods of a particular part of a country and with local leadership develop strategies that will encourage local people to initiate home kitchen gardens growing a variety of

vegetables that cover the necessary nutrition - especially for pregnant women, nursing mothers and small children. It has indeed been a success as the group have produced materials for over 30 countries and have a data-base of about 3000 members and global correspondents. John remained Chairman for 10 years and has now been named an Emeritus Director of the group. In 2014 John with Ian Geard from the North Hobart club and Bruce French the originator of the food plant data-base visited China and cemented relations and contact in that country in order to better serve the large peripheral groups in that country who are struggling with appropriate foods. A bonus has been inroads in to the Democratic Peoples Republic of Korea (I.e. North Korea).

In 2015 John was appointed/elected to be Chairman of the global “Literacy - Rotarian Action group” which entails activities in many countries around basic education and literacy. Currently he is on a small (global) committee that is exploring the expenditure of about US \$1,000,000 on improving access to water, sanitation and hygiene services in schools while improving access to better education - especially for girls. The initial (pilot) countries are: Belize, Guatemala, Honduras, India and Kenya.

In 2012 Murray Yaxley, a member of the Rotary Club of North Hobart died. Murray had been the Project Director of a program in Northern Thailand that supports a hostel for hill tribe teenagers to enable them to attend a local high school rather than migrate to the capital, Bangkok. John assumed the role of his friend, Murray and as Project Director has supervised the movement of several thousand dollars to the hostel administration as well as wider support and encouragement.

Since serving on the Board of RI, John has served on the organising committee for the Rotary International Convention in Birmingham and a review of District Conferences and Rotary Zone Institutes. He continues to serve Rotary globally while also enjoying his local community service strongly supported by Shirley.

## RYPEN

RYPEN ( Rotary Youth Programme of Enrichment) is an Australian designed project for young people aged 14 to 17. It holds weekend camps in leadership for Grade 10 students in both Northern and Southern Tasmania.

RYPEN sets out to broaden horizons and lift aspirations in a supervised residential weekend seminar. It's aim is to communicate to young people a series of ideas, problems and social experiences which will assist them in forming their own values and moral standards and broaden their horizons culturally, socially and academically.

Club member Tony Moore has been active in this programme for several years and is currently southern District Chair and Programme Coordinator. Through his enthusiasm and leadership RYPEN continues as a most worthwhile and successful annual event.

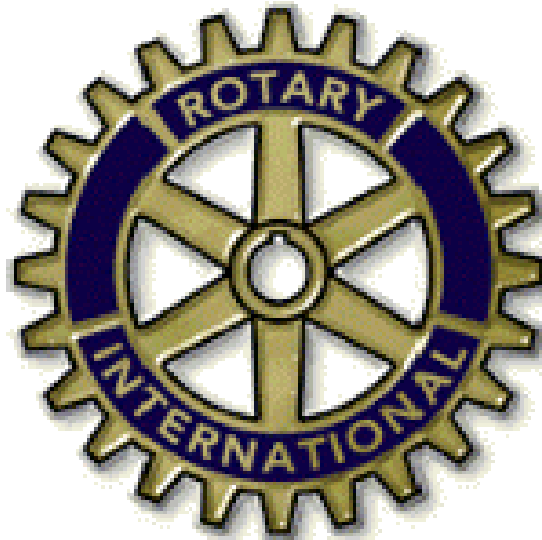

## Presidents – Rotary Club of North Hobart – 1961 to 2016

1961-2	D. Brown	1983-4	D. Woods	2005-6	R. McAllister
1962-3	A. Corney	1984-5	G. Brothers	2006-7	H. Oh
1963-4	B. McLeod	1985-6	J. Thorne	2007-8	D. Chambers
1964-5	A. Webb	1986-7	J. Hughes	2008-9	G. Wood
1965-6	M. Stokes	1987-8	P. Hewitt	2009-10	C. Webster
