Notes from Rotary North Hobart's last meeting (14 July)

Last week's meeting was taken up with Committee and Board meetings.

President Brian circulated the Club's Profit and Loss Statement and Balance Sheet for the 2019-20 year. Secretary Chris has since e-mailed these to members.

Dues for 2020-21 have been set at \$220. Accounts will be sent, and it is fine to pay in two instalments.

Please transfer payment of your Rotary subscription to Rotary Club of North Hobart. Bank details are BSB 067 028 Acct 1033 3735. Please include your NAME in the reference field.

"We want every
new Rotarian to be
a lifelong Rotarian
— a friend engaged
in Rotary."

Holger Knaack
Rotary International President

Who's getting excited about dining out once again?

Save money with the Entertainment Book app.
Please order from this link and your support will raise a modest commission towards local Rotary community service projects. Thanks for partnering with Rotary Club of North Hobart.

Science and Engineering Challenge, it's on!

Call for ROTARY VOLUNTEERS, September 2020

Dear Rotary colleagues throughout Tasmania,

We are so excited to announce the Challenge is going ahead in Tasmania this year.

(Schools are very excited and supportive too. Their options to attend events this year has been sorely curtailed, they are very excited to participate in the Challenge, filling the available spots rapidly.)

This will be a COVID altered event; with the safety of all involved our highest priority. We are not importing staff from the University of Newcastle to run the event; instead Luke Roberts will be the team leader and Susie Haley the event assistant. We are freighting the van full of kit down from the University of Newcastle. Note that the Hobart heats Venue is the (much more spacious) City Hall, Hobart. - Newnham Campus in Launceston and Marist Regional College in Burnie, same as before.

Volunteers are now being sought for the September 2020 Tasmanian Challenge Series. Earlier this year you very kindly offered to volunteer. If you would still like to be involved, **We invite you to fill out the Science and Engineering Volunteer Registration form.** I completely understand if you would prefer to not volunteer for this year, please consider your personal health and safety as your highest priority.

The 2020 Tasmanian Challenge Series will be held on the following dates in these regions:

Hobart: Tuesday 15th - Thursday 17th September - Hobart City Hall (reduced to three days.)

Launceston: Monday 21st – Tuesday 22nd September – UTAS Newnham Campus.

Burnie: Thursday 24th – Friday 25th September– Marist College

Please register to volunteer here: <https://docs.google.com/forms/d/e/1FAIpQLSel-paqFOWqtn9cei-YvfMWgdFjMyWeC30LfKxvaxWbdCeJwA/viewform>

Feel free to forward this email to anyone you think may be interested to volunteer for the Challenge. More info here: <https://www.utas.edu.au/sciences-engineering/community-outreach/science-and-engineering-challenge>

Yours on Rotary,

PDG Ian Shuey

D9830 District Chair – Science and Engineering challenge

Food Plant Solutions News

FPS Philippines partner (Muravah Foundation) thanks FPS – Sarah Beltran-Fabula

On behalf of Muravah Foundation, I would like to extend our deepest appreciation for the untiring support of Food Plants Solutions to provide knowledge and education on local food sources to poverty-stricken communities such as the Philippines.

Read about this and the work being done by FPS around the world in the latest FPS newsletter - <https://foodplantsolutions.org/july-2020-newsletter-2/>

Buz Green AM

Director - Food Plant Solutions Rotary Action Group

! Remember the date for our Campbell Street Primary Fresh Food for Families Project is Saturday 12 September

Message from President Brian

Fellow Rotarians

We have had correspondence from Bunnings regarding the BBQ roster. We have to reapply and abide by strict new conditions. They are only reinstating weekend events at present. Weekday BBQs are not available yet. We are only likely to get one or two at most before Christmas. We have sufficient reserves to fund the proposed projects this year but we need to find other funding sources.

We will be restricted by the COVID 19 requirements for some time in the future. The board is looking to access grants from other bodies but will be in competition from other organisations. If you have an idea for funding please discuss with a board member.

I hope to see you all on Tuesday.
